

# Setting up email alerts from Bureau of Health Information

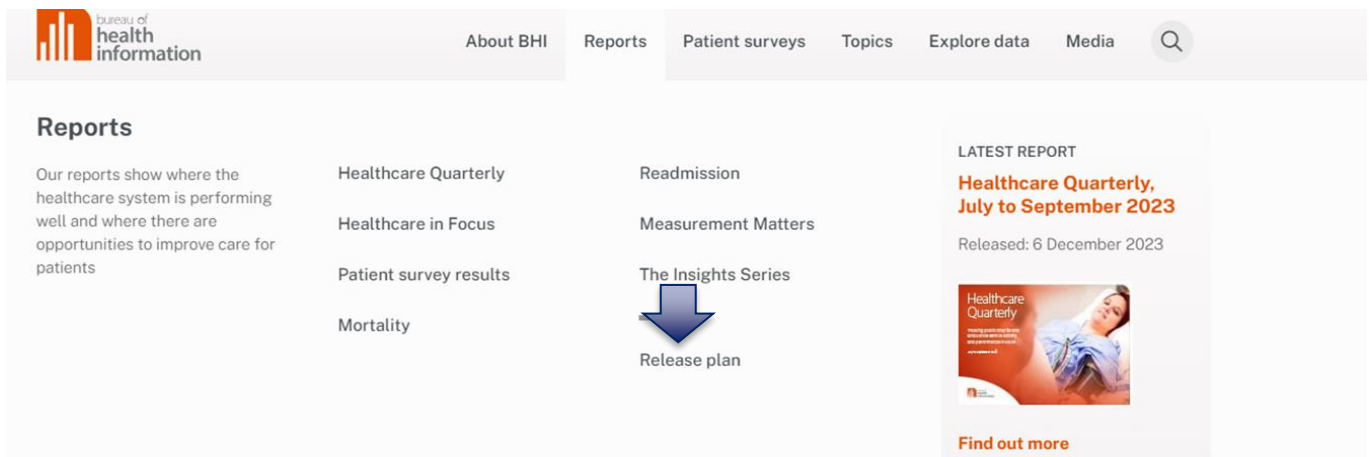

## March 2024

### Subscribe to release updates from BHI

- Subscribing to receive an email when BHI publish a report or release new information is an easy way to stay informed when reports are released

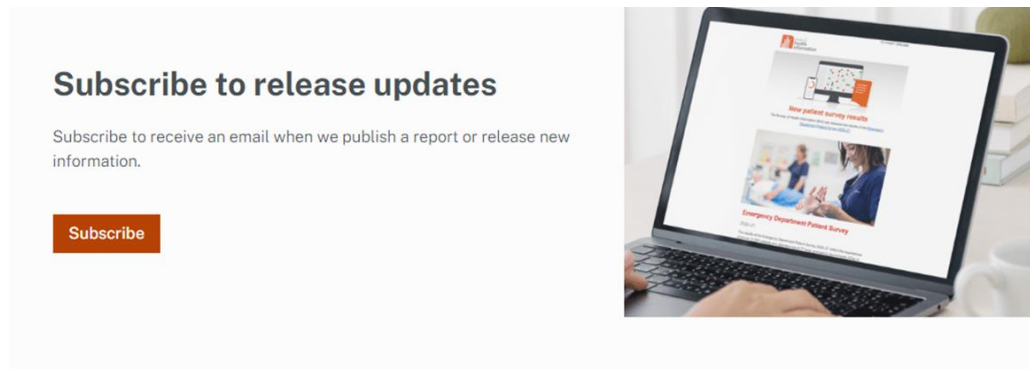

### How to set up email notifications

- Go to the [Bureau of Health Information](#) (BHI) website, click on Reports and find Release Plan which when clicked on will take you to a timeline of BHI's planned report and information releases

The screenshot shows the Bureau of Health Information website. The navigation menu includes: About BHI, Reports, Patient surveys, Topics, Explore data, and Media. The Reports section is highlighted, listing: Healthcare Quarterly, Healthcare in Focus, Patient survey results, and Mortality. A blue arrow points to the 'Release plan' link under 'The Insights Series'. On the right, the 'LATEST REPORT' is 'Healthcare Quarterly, July to September 2023', released on 6 December 2023. A 'Find out more' link is visible below the report cover image.

Scroll down to the bottom of the page where you will see **Subscribe to release updates**

The screenshot shows a 'Subscribe to release updates' form with the following text: 'Subscribe to receive an email when we publish a report or release new information.' Below the text is an orange 'Subscribe' button. To the right, a laptop displays the BHI website with headlines for 'New patient survey results' and 'Emergency Department Patient Survey'.

Click on **Subscribe** and complete your details on the new page.
